NEWS RELEASE

For Immediate Release: Friday, June 12, 2009

JVPS awarded \$127k from LANL Foundation

The Los Alamos National Laboratory Foundation Board of Directors has awarded Jemez Valley Public Schools an Educational Enrichment grant of \$127,738 for the district's improvements of math, science, and technology education. The LANL Foundation provides funding through Educational Enrichment and Educational Outreach awards for a variety of education programs for science, technology, engineering, and mathematics (STEM), including teacher and curriculum enhancement, educational technology, and student support. These awards support area school districts in addressing public education needs and in improving education for children in Northern New Mexico.
